Disadvantaged Business Enterprise (DBE) Certification

Dear President

On behalf of the Wyoming Department of Transportation (WYDOT), we are pleased to inform you that your firm's Wyoming DBE certificate has been reviewed in accordance with 49 CFR Part 26. The certification is continuing, but contingent upon the firm maintaining its eligibility annually through this office. The annual update packet will be sent prior to your firm's anniversary date, to be completed and returned promptly for continued certification.

If at any time during the period of certification there is a material change in your business, you must advise this office by sworn affidavit and supporting documents within thirty (30) days. Changes include, but are not limited to: ownership, officers, directors, management, key personnel, scope of work performed, daily operations, the firm's physical location, and/or on-going business relationships with other firms or individuals. After a review of the submitted changes, you will receive instructions as to how you should proceed, if necessary.

Failure to comply with any of the above requirements could result in immediate action to remove your Wyoming DBE certification.

Certification is not a guarantee of work, but enables your firm to compete for and perform work on contracts throughout Wyoming and earn credit for in the areas of certification. Only those firms listed in the WYDOT directory are certified members. Prime contractors and consultants should verify certification status and identify the work area(s) for which the firm is eligible via the WYDOT website:
